

Nobility week 2

2/19/2023

Sermon: Adam

Eternal Life

Merely Physically

Also talked about in John

Eternal
life is never
lost

- Living forever may not be the greatest thing especially for people who are suffering through things

- John 17:3: Jesus says the way to have eternal life is to know the living God

- Eternal life begins now

- We need to accept eternal life now because of that especially since there would be a massive wakeup call after death to those who don't want to live like they believe in Christ

- John 3:16 - God gave us eternal life through his son by belief

- John 3:1-21 - Jesus says belief in him is how we get to Heaven

1. How does your secured eternity shape your day-to-day?

2. Are there changes that you're needing to make knowing your eternal life with God is already happening?

3. Have there been times when you have lost sight of the end goal?

4. How do you keep an eternal mindset while still being in the now?

Nobility Week 3

2/26/2023

Sermon: Adam

Sanctification

- **Sanctification** - is the process of becoming holy and righteous - What God declared us to be
- The Holy spirit is often misunderstood as an "it" rather than a "He"
- We ignore the Holy spirit too much in modern culture, but he is arguably the most involved in our lives
- Living by the Holy spirit means to think about and revolve around what pleases God
- The Holy spirit is the one who enables sanctification and not our own power
- We are no better than non-believers apart from him

Romans
8:1-4

- Romans 8:8 - The Holy Spirit was the one that resurrected Christ

- If we have the same power house that moved Christ to rise from the dead, why do we struggle so much with things and don't claim victory

-
- 1. How do you recognize, worship, and acknowledge the Holy Spirit?
- 2. When your sinful nature pulls at you who do you go to?
- 3. How are you seeking to please the Holy Spirit?
